The second day of the event offers **vast business opportunities** to the participants. Tirana Expo Centre will be the intermediary in organizing head to head meetings between all interested parties such as foreign companies, governmental institutions, private companies, etc through:

- *Conference which will be divided into three main sessions:*

Session 1: Introduction of strategic projects for the development of the health sector from the Ministry of Health and its subordinate institutions

Session 2: Presentations by local companies

Session 3: Presentations by international companies

Note: The time frame per presentation is 15 – 20 min

- **B2B Meetings which will be structured as follows:**

1. Tirana Expo Centre will publish on its official website **the list of the participating companies and professional visitors (local and regional) that have expressed interest to attend Business meetings**
2. The exhibitors have the opportunity to click on the name of the company or individual that they are interested to meet
3. Through **the mediation of Tirana Expo Centre** bilateral B2B Meetings will be arranged between interested parties

- **Workshop**

With the presence of the representatives of academic institutions a scholarship will be awarded to the best student project in the sector of "Energy and Building"

Date: October 29th 2016

On the third day of the event activities are foreseen in order to effectively contribute in achieving the objectives of participating companies:

- Arranged visits by **groups of interest** and **associations** operating in the energy and construction sector in Albania and Region
- **Visits and Mediation** for business meetings between participating companies and visitors part of the **VIP Visitors Program**. *(This program aims to offer the possibility to access the event to representatives of international companies that aim to extend in the Albanian Market)*
- The possibility of **booking the conference hall** by the participating companies to organize dedicated conferences. In this case, the participating company invites associates / local and international partners / existing and potential customers to attend **the presentation of its innovation in products / services**.
